Let's fill the closet for foster kids!

This year, all attendees are asked to bring baby supplies and toiletry items for foster children. When a child is removed from an unhealthy home, they are sometimes placed with a family member. Often, this family is not prepared for a child of that particular age and the child arrives in their foster home with only the clothes they are wearing.

While the Arizona Department of Child Safety provides funds for new clothing, it is the Court Appointed Special Advocates office that supplies personal care items. The most pressing need is for baby care items and toiletry items for teens. We would like to restock CASA's supply closet. Please bring any of the following items you can:

- for infants and toddlers – infant and toddler diapers, baby wipes, lotion, shampoo, bath liquid, pacifiers, burb cloths, bibs, sippy cups;
- for teens – shampoo and conditioner, deodorant, feminine hygiene products, face care products (basic wash and astringent), body lotion, tooth paste and toothbrush, hair brushes and combs.

Please make sure that all donations are new and have not reached their expiration date.

Thank you for thinking of these youngsters who are facing difficulties.
